Additional Skill-set

Great skill with sound design. Skilled in use of izotope RX audio clean up for best sounding temp mixes possible. Know how to work an EQ, Compression, Noise Reduction, and more to get the best cut-through temp mix. Music background, grew up playing classical piano and later playing various instruments in bands.

Skilled with After Effects for compositing needs, including motion tracking, comping, enhancement, frame stitching. Intermediate to advanced level in Photoshop in conjunction with After Effects needs.

Full tech understanding of offline / online editing / vfx workflows to ensure color accuracy and color space. I have been hired as post supervisor on several projects because of this.

Team player, always emanating positive influence and energy into the room. I'm all about solutions and keeping us moving forward with a smile! We will laugh and have a good time and make a great piece!
